AN OVERWHELMING SUCCESS.

Hundreds of People at Firemen's Lawn Party.

Possibly the most largely attended and likewise the most enjoyable thing of the kind ever held in Greensboro was the South Side Hose Company's Lawn Fete given last evening on the front lawn of the South Greensboro graded school. Scores of Japanese lanterns suspended from wires traversing every part of the large lawn tended to soften the light of a brilliant moon and the scene was a lovely one.

Beneath the lanterns moved a throng of people of all shapes and sizes, but all one in happiness and gaity, while amid the crowd the hurried waiters rushed to and fro. People had flocked from all parts of the city and refreshments were in demand and, though the waiters and tables must have numbered more than a score each, orders could not be filled fast enough and seats could not be provided.

More than forty gallons of cream was sold, and cake, watermelon, lemonade and other refreshments were dispensed with in large quantities. But in all the rush the young lady waiters, to whom, be it said, the success of the fete is in a large measure due, worked systematically and gracefully and everything worked smoothly. The total receipts were $124.00, nearly all of which is profit. Twenty-five dollars of this amount was cash handed in by people who preferred this to giving refreshments.

Not a small feature of the evening was the playing of the recently organized Gate City Band, which arrived at the lawn about 9:30 o'clock to make its first appearance in public. Several inspiring numbers were rendered with a skill that would have been a credit to a more practiced body of musicians.

The firemen wish to return many thanks to the young lady assistants, to all who contributed, to the Gate City Band and to the public generally for the liberal patronage extended them.

QUIET REIGNS

Today At Evansville—Operators Disheartened.

By Wire to the TELEGRAM.

Evansville, Ind., June 22—The Sunny Side mines are closed today. It is doubtful if they will be opened for several days. The battle yesterday disheartened the operators and quiet reigns. Operator Moore, who was shot yesterday, may recover. Governor Mott had a long conversation by telephone today with Sheriff Vanderberg, and was assured that no further trouble may be apprehended. The sheriff was instructed to notify him of any further danger, and the national guard will be sent to the scene.

SCHOOLS AT WAKE F REST.

Law School and Summer School Opened Under Favorable Auspices.

Wake Forest, N. C., June 21—Notwithstanding the very hot weather, the law school here has opened with the largest number of pupils in its history. This is the second day and there are thirty-three students h re This is more than double the number that were present on the second day of last summer's school, and Prof. Gulley says he has assurances that there will be at least twenty-five more to come in a few days.

This morning the Wake Forest summer school opened. There were assembled in the chapel about one hundred and twenty-five.

Students are arriving on every train and a very successful session is expected. Among the teachers who are to come from a distance are present: Prof. Wooster, of Milledgeville, Ga; Prof. Crittenden of Wilson, Miss Edith Royster of Ra'eigh, Miss Bessie Battle and Miss Blair, of Durham, and Miss Langley of Charleston, S. C.

The Hue.

By Cable to the TELEGRAM.

Corro, June 22—It is announced that Khalifa has been defeated with heavy loss by the British and friendly natives, and has fled to the woods with few followers. His capture is imminent.

Immense Crowds.

The immense crowns that visited our store the last two days and the great quantities of shoes we sold is proof that the people appreciate the tremendous bargains we are offering in fine foot-wear. This is positively the greatest cut price shoe sale of fine custom made shoes ever inaugurated in the state. If you find your size you will get first-class foot-wear at third class prices. You can't afford to miss the great shoe sale.

THE DEMOCRATIC ISSUES

For the Next Campaign Undergoing Discussion.

GOVERNOR SAYERS' MEETING

It Is Thought Will Not Be Largely Attended By Republican Governors---Other Matters.

Special to THE TELEGRAM.

Washington, June 22—In the next congress, Speaker-elect Henderson will have some important chairmanships to bestow. With the exception of the committees on rules, banking and currency, however, most of the more important committees will retain their present chairmen. It is stated on what appears to be excellent authority that Chairman Babcock will be made chairman of the committee on rules to succeed Mr. Henderson who now holds that committee. This will leave vacant the chairmanship of the committee on the District of Columbia. The ranking republican on this committee is Representative Alfred C. Harmer, of Pennsylvania, but it is thought by many that the chairmanship may go to Mr. Curtis, of Iowa, who ranks next to Mr. Harmer. In this event Mr Harmer will retain the chairmanship of the committee on library, which he held during the last congress. Representative Payne, of New York, will doubtless remain at the head of the committee on ways and means, and Mr. Cannon will retain the chairmanship of the committee on appropriations, for which position he is admirably qualified by his long service on the committee. The committee on banking and currency, and also the committee on coinage, weights and measures, which committees have more to do with the shaping of financial legislation will both be left without chairmen by reason of the retirement of Gen. Walker, of Massachusetts, and Charles W. Stone, of Pennsylvania. On the former committee, Hon. Narriott Brosius, of Pennsylvania, is the ranking member and may be appointed chairman. James H. Southard, of Ohio, is ranking member of the committee on coinage, weights and measures. Another important committee which is left without a chairman, is the committee on claims. On account of the large number of war claims, this is a most important committee to the southern states. The chairman may be Joseph V. Graff, of Illinois. Committees on elections, No 2 and No. 3, are both left without chairmen, by the retirement of Congressman Royce, of Indiana, and General Walker, of Virginia. The ranking members on these two committees are Clarke, of New Hampshire, and Messick, of Ohio, but as it is thought a southern member will be appointed chairman of one of the elections committees, probably No. 3, it is probable that Linney, of North Carolina, will be promoted to succeed General Walker. Representative Hitt will remain chairman of the committee on foreign affairs, Representative Hopkins as chairman of the committee on census, and it is likely that Hon. James S. Sherman, of New York, who was a candidate for the speakership will again be appointed chairman of the committee on Indian affairs. Among the minor committees there will doubtless be considerable shifting done by the new speaker.

Mr. M. R. Webb, of Memphis, Tennessee, who is stopping at the Riggs House for a few days, is of the opinion that the conference called by Governor Sayers, of Texas, will be largely attended by democratic governors. He does not look, however, for a very large attendance among the republican state executives. The opposition to trusts, he says, will be made one of the leading issues of the democracy in the next campaign, and he thinks it will do much towards strengthening the democratic power in the southern states. He says that the conference will be an important one, and he hopes some plan may be formulated looking to the curbing of the growing power of trusts, corporations, and combinations.

Upon their return from their bridal trip, it is said that Dr. Walter A. Wells, of this city, and bride, formerly Miss Frances Gibson, daughter of Representative Gibson, of Tennessee, who were married in this city the early part of this week, will make their future home in Washington.

Mrs. Charlotte Johnson, daughter of the late Congressman Boteler, of Virginia, and widow of the late Geo. M. Johnson, died at her home in this city Monday. The funeral services will occur from her late residence this afternoon, at 2 o'clock, and the interment will be at Greenmount Cemetery, Baltimore, Maryland.

Senator Daniel, of Virgina, who has been in attendance upon the sessions of the Industrial Labor Committee, of which he is a member, returned to his home, Lynchburg, the other day. Senator Martin is in the city, arriving yesterday.

Marriage license has been granted to Benjamin F. McElhee, Rockingham county, North Carolina, and Miss Fannie Lewis Alderson, of this city. The couple were united in marriage Tuesday night.

THE PEACE DELEGATES

At the Hague Suffering With Malaria.

By Cable to the Telegram

The Hague, June 22—A number of the peace delegates are suffering with a mild form of malaria, caused by emanations from the canals which receive the sewerage. Mrs. Holls, wife of Frederick Holls, secretary of the American delegation, has been obliged to go to Dusseldorf for a change of air.

AGREEMENT REACHED.

The Hague, June 22—The tribunal of arbitration is now agreed that the committee of the peace convention be a permanent one, sitting at Berne, and that the litigants chose their own arbitraters for members of the arbitration bureau.

THE FRIENDLIEST FEELINGS

Exist Between the Americans and Germans at Samoa.

By Wire to THE TELEGRAM.

San Francisco, June 22—Rear Admiral Kautz, who returned yesterday on the Philadelphia from Honolulu, refuses an interview. He has issued strict orders to his officers forbidding them to discuss matters relating to Samoan affairs. Capt. White, commanding the Philadelphia, would say nothing except that the German and American forces at Samoa have been upon the most friendly terms all the while, and there has never been the slightest sign of friction between them.

The Steamer Tested.

Greensboro's fire steamer, which was temporarily disabled during the fire last Saturday, was given a thorough test by some of the firemen last night and was found to be in excellent condition. Mr. John Lewis suggested and conducted the test and the steamer was taken to the five-story brick building occupied by J. S. Cobb & Company, on North Greene street. With a one-inch nozzle water was thrown twenty feet above the top of the building and the work of the steamer was in every way satisfactory.

$125,000 Cotton Mill at Sanford.

Sanford, June 21—A $125,000 cotton mill was organized at Sanford today, with W. H. Watkins as president, and T. L. Chisholm as secretary and treasurer. The meeting was presided over by Prof. Alex. McIver and J. B. Makepeace was secretary. Among the out-of-town people attending the meeting were W. C. Rogers, of South Carolina; J. H. Mayes, of Charlotte, and E. D. Kyle, of Raleigh.

Information was received from Mr. Percy Gray, representing the Lockville Electric Power Company, that his people would furnish the power to run the mill.

This representation shows that all the electric power wanted can be furnished by the Lockville Company to run all the factories and mills that will be located in Sanford, as the distance is only ten miles.

Tug Burned.

By Wire to THE TELEGRAM.

Watertown, N. Y., June 22—A dispatch from Alexandria Bay says the tug N. F. Of the crew of nine, four jumped into the water to save themselves. Two are missing. Several of the crew were badly burned. Loss, $25,000.

A MAD MOB'S FRENZIED ACT.

A Man Taken From Jail and Burned Alive---No Action Against the Murderers Taken.

By Cable to THE TELEGRAM.

London, June 22—Activity in the war department occasioned by the near possibility of war in the Transvaal, is not abated. Orders were issued today to two companies of engineers and two companies of army service corps officers and men of other departmental corps to prepare ammunition and stores to proceed to South Africa. It is designed in sending these troops to increase the efficiency of the forces already there. Plans for sending other reinforcements are being considered.

BURNED ALIVE.

Rio Grande, June 22—Jean Panare was taken from jail and put to death here today. A middle-aged Frenchman accused him of assaulting his three-year-old child. Threats were made against him last night by a mob who visited the jail. The jailer was terrified into surrendering the keys and Panare was taken to the woods, where after being tormented awhile by the mob, he was tied to a stake and burned alive. None of the mob were masked or made any attempt to hide their identity. No proceedings have been taken against them.

A Miles Rumor Denied.

Washington, June 21—A report that General Miles has requested the President to send him to the Philippines is officially denied at both the army headquarters and the office of the secretary of war. Several days ago, when General Miles' attention was called to such report, he unqualifiedly pronounced it untrue. A similar denial was issued from the headquarters of the army this morning.

A NARROW ESCAPE.

Dr. Bynum's Horse at Winston Runs Away--Other News.

Special to the TELEGRAM.

Winston, June 22—As Dr. John Bynum started to enter his buggy this morning for Thompson's drug store, about 11 o'clock, his horse became frightened and started off, knocking down the doctor, and scarring him up slightly. The horse ran up Fourth to Spring street and turned down to Salem, where he was found later in a gully. The buggy, which cost $125 and was new, was demolished. Lee Grand, while attempting to check the course of the animal on Fourth street, was painfully bruised up.

B. N. Duke, of Durham, one of the directors of the R. J. Reynolds Tobacco Company, came up this morning to confer with other directors concerning plans, specifications, the site, etc., of the new mammoth tobacca factory to be built here by that company.

Dr. J. M. DuBosc, of Nashville, Tenn., came to Winston today. It is reported that he contemplates matrimony in these parts.

Mayor Griffith and J. W. Hanes, chief of the Winston fire department, today received a very kind letter from E. L. Clarke, secretary of the Greensboro fire department, thanking the Winston department for its hearty and prompt response to Greensboro's call for help last Saturday.

The Mother Will Come.

On the second page of today's paper will be found an item concerning six children who came to Greensboro yesterday and stranded. Chief Scott was partly relieved of his dilemma this afternoon by the receipt of a telegram dated Roanoke, Va., June 22nd, and saying: "Keep children till I come. [Signed] Mrs. Looper." The officer went immediately to the Monroe House to check up and see that all were there. He is hoping that the mother will hurry. The other item was printed before the telegram was received.

THE HAGUE, YOU SAY!

Oh, my! Will that profound, ponderous, deliberative, slow of locomotion but deeply wise, philosophical and humane aggregation of the ends of the earth at The Hague, never come to terms? Yes, we don't think.

They are yet murdering time in the discussion of etherial measures which each delegate feels sure will never pass. Ofttimes the proposition approacheth a general agreement, but John Bull feels an encroachment upon his toes; sometimes to the border of harmony the assembly reaches in the consideration of some momentous item, when your Uncle Sam feels an inclination to kick; or some other power raises a voice of dissension, and discord again reigns. The Czar himself, rather than observe the existence of equanimity, inflates his corpulent paunch, and shows his spurs.

It was recently proposed:

That only such ships of war as have been begun should be completed, and that the keels of no more should be laid. Great Britain, Russia, America and Japan said most emphatically, "No!"

It was recently proposed:

That new ships of war should be built only to replace such as have become antiquated and unserviceable The whole push said most emphatically, "No!"

It was suggested out of consideration of humanity:

That the use of submarine boats and rams should be prohibited. This was met with a determined kick from the French, who think they've invented a new submarine boat with which they can lick England.

The above specimens are only given as incidents of the utterly foolish proceedings of the "Peace" conference.

When this motley aggregation of contrariety come to an agreement upon a measure having for its end the betterment of humanity, the moon will have been demonstrated to be of pure, green cheese, winged elephants will disport themselves in the air, and other preposterous phenomena may be expected to occur.

WE WILL TRY IT.

A Greensboro gentleman who was a few days ago traveling in the western part of the state, stopped in the beautiful town of Waynesville and while there he enquired how the people liked the dispensary. The aforesaid Greensboro citizen was already convinced that the dispensary was a good thing, but was hardly prepared for the high praise given it by Waynesville people. He said he actually passed by the door of the dispensary several times and did not know it.

Think of a place where whiskey is sold with no loafers or vagabonds hanging around! It's remarkable.

Some one may argue, however, that the city cannot get along without the revenue derived from liquor licenses. Well, look at Waynesville again, and compare its population with that of Greensboro. For two years previous to the establishment of the dispensary the license income was only two hundred dollars a year. Now the town and county receives upward of three thousand dollars per year from the dispensary!

And there are fewer blind tigers than when there were bar-rooms. This is logical. With no bar-rooms to sell whiskey to the tow-sack peddler and the Sunday back-lot dispenser it is reasonable to suppose that blind tigers of that class will be scarcer.

But what's the use to argue. The people of Greensboro are in favor of a dispensary, are going to open one next month, and then all can see for themselves. In some places where ladies are now afraid to pass and when they attempt it are crowded off the sidewalk into the street, they will have unmolested right of way. And we do heartily rejoice with them.

The tornado liar now takes the stand One of these gentlemen asserts that during the New Richmond blow, last week, Edward Kellogg, lying flat on the ground to escape the storm, was picked up, carried 300 feet across houses and trees, dropped into a pond, whose water was sucked up just as he struck it, and he was left, covered with mud, but otherwise in sound physical and mental strength. Another testifies that the feathers were stripped from all his chickens by the wind; straws were carried through the air for miles and then driven, like quivering arrows, endwise into trees; millstones were transported through the atmosphere for a great distance; but the crowning lie is told by John Smith, who asserts that the cyclone blew one of his bed-quilts sixty miles and then returned for the sheet.

Much has been said and written about the fearful filth of Santiago; how germs of malignant diseases float on the stagnant air, and death lurks in every corner. Through this illustration the appalling sanitary condition of Philadelphia and other American cities, whose death rates are higher now than that of Santiago, is brought into proper prominence. Of course this comparitively favorable condition of Santiago's health is due to the enforced precaution of Gen. Wood, but it is sufficient to cause a universal kick for a general scrubbing up and cleaning of the fearful disease cursed large cities of the United States.

Since the new Southern depot has been completed and occupied; since the doors have been thrown open to the accommodation of the wayfarer, and the surrounding debris cleared away, the beauty and prepossession of our city is indescribably enhanced. The passing traveler peers through the car windows in admiration at the magnificent structure, and the Greensboroean sinks his masticators into his cigar stump and looks off, unconcerned, but deep down in the pride-cells of his heart, there is a feeling of intense gratification

The Republicans are going to move heaven and earth to defeat the constitutional amendment. But in Chairman Simmons white rule and good government have an able champion, whose lance is couched to meet the foe.

A HAPPY GARDENPARTY.

A Score of Little Boys and Girls Spend Two Hours of Merriment.

Oakhaven, the home of Mr. and Mrs. C. Mebane, on Ashe street, presented a pretty scene yesterday afternoon, the occasion being a garden party given by Miss Bert Mebane complimentary to her guest, little Miss Mary Catherine Wharton, of Graham.

Twenty little boys and girls were present from 5 to 7 o'clock, during which time they danced and played on the lawn.

At 6 o'clock a large table, beautifully decorated with flowers and laden with ice cream, cake and lots of other good things was placed on the lawn and the little tots gathered thickly around to be served. In the center of the table was a large Jack Horner pie, in which were the souvenirs of the evening. To each present was attached a string, one of which was given to each guest and after the singing of Jack Horner all pulled at once and the pie was no more.

W. M. Gallagher, of Bryan, Pa., says: "For forty years I have tried various cough medicines. One Minute Cough Cure is best of all." It relieves instantly and cures all throat and lung troubles, coughs, colds, croup, whooping-cough, la grippe and pneumonia. Howard Gardner.

Don't Want So Many.

Chief of Police Scott has received a letter from a Winston policeman, offering to turn over to him six children It seems that a woman from Spartanburg, S. C, stopped in Winston and sent her six children a ticket as far as Greensboro. They arrived yesterday and are at the Monroe House, without means to get any further. Winston was notified and the policeman's letter says the mother has gone to Roaneke It also says the mother will be wired to send money to transport the children to Roanoke. They range in age from fourteen down to two years. Mr Scott says he don't want so many children, but will, of course, do what he can to find their mother and bring them together again. The case is a little mysterious.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters: and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

RED CROSS IN CUBA.

Work of the Organization During the Months of April and May.

New York, June 21—The Central Cuban Relief Committee of the Red Cross has received from Miss Clara Barton the report of Dr. J. B. Hubbell, general field agent, on the work done during April and May. During that time six orphans' homes were established and one home and two hospitals were re-fitted and re-established. Dr. Hubbell began his work at Guines, where the civil hospital was thoroughly cleaned and renovated and an orphan asylum was established outside the city accommodating 100 children.

At Catalina many orphans were found living in palm-leaf huts in a frightful condition. They were gathered into a home and made comfortable with the assistance of native Cubans.

A home and school for widows and orphans was established at San Felipe, where formerly these people swarmed about the town as beggars.

At San Antonio de Las Vegas Dr Hubbell, with the assistance of several prominent Cubans, founded an asylum for fifty homeless children. A fine house on the outskirts of Madruga was converted into an orphanage and the use of the sulphur baths near the town was given free to the institution. Some of the fifty orphans had been under Miss Barton's care in Havana before the war. San Nicolas had 100 homeless orphans when the Red Cross workers arrived there. An asylum was quickly started and thirty were accommodated at once.

Jeruca was the first place in which any relief work was done outside of Havana before the war. Things had lapsed into a bad condition in the interval, but the hospital, which had been used as a Spanish military hospital, was quickly disinfected and put in order. In co-operation with Dr. Gonzales, United States sanitary officer of Pinar del Rio, the civil hospital of Guanajay was cleaned and re-fitted, and forty beds were made ready. Dr. Hubbell closes his report by acknowledging the assistance rendered by the Cubans in all the towns visited, and also that of the United States Army officials.

"The doctor said I must not ride. In fact I could not ride."

"This is to certify that Dr. Pierce's Golden Medical Discovery is the best blood-purifier that I ever used," writes Mrs. M. Hartrick, of Demster, Oswego, Co., N. Y. "It is about three years since my health began to fail. Last September I gave out entirely with what the physicians pronounced enlargement of the liver. Could not do anything; my back pained me all the time; the doctor said I must not ride, in fact I could not ride nor walk, nor hardly sit still; could not lie on my right side. I commenced taking the 'Golden Medical Discovery' and 'Pellets'—took them for three months, and still continue the 'Pellets.' I will be glad if I can say anything to help those who are suffering. You can publish this letter if you think best."

If Mrs. Hartrick had begun the use of Dr. Pierce's Golden Medical Discovery when her "health began to fail," she would have saved that three years of increasing misery, until she "gave out entirely," For diseases of the stomach and organs of digestion and nutrition there is no known remedy to compare with "Golden Medical Discovery." It reaches the heart, liver and lungs through the stomach and the blood and its cures are prompt and permanent. Nothing else will give such good results.

There is no alcohol or opium or other narcotic contained in "Golden Medical Discovery." There is nothing "just as good" as this remedy. Don't experiment on yourself with substitutes.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once It proved to be one of the very best medicines we ever had in the houses. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my daughter much suffering.—Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I. For sale by C. E. Holton, druggist.

Cholera Morbus Quickly Cured.

"During the hot weather last summer I had a severe attack of cholora morbus, necessitating my leaving my business," says Mr. C. A. Hare, of Hare Bros., Fincastle, Ohio. "After taking two or three doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy I was completely relieved and in a few hours was able to resume my work in the store. I sincerely recommend it to any one afflicted with stomach or bowel trouble. C. E. Holton, druggist.

Remarkable Rescue

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine would cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles, found herself sound and well: now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at C. E. Holton's drug store. Large bottles 50 cents and $1.00.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., June 22.

W. E. Johns, who has been on a business trip to Mt. Airy, returned home last night.

W. P. Ragan, Wescott Roberson, and A. P. Staley represented High Point at Greensboro yesterday.

Mrs. E. A. Benceni and children who have been spending some time in Pamplin City, Virginia, for their health, returned home last evening.

Photographer S. L. Alderman, of Greensboro, spent the day yesterday in the city taking furniture photographs for some of our factory men.

A conductor from Spencer, by the name of Arms, takes Capt. Rankin's place temporarily on his run from here to Asheboro. Capt. Rankin is off duty for an indefinite time.

John A. Hodgin, of the Cape Fear Manufacturing Company, Greensboro, who has been on a business trip down the Aberdeen & West End Railroad, spent a few hours in the city yesterday enroute home.

Miss Irma Mendenhall, of Greensboro, passed through last evening for a visit to friends in Thomasville. Miss Kate Ragan, of Archdale, joined her here, going to Lexington to visit the Misses Moffit.

Silas Mack, an aged and respectable old colored man who has been in the employ of Dr. W. O. Jones' family for the past ten years, died at his home yesterday of consumption. He was buried this evening.

W. G. Fortune, of Asheville, arrived here yesterday to join his family who have been stopping at Rev. J. R. Scroggs' on Washington street. They left last night for a visit to Niagara Falls and other northern points.

Mr. Armfield, of the High Point trunk factory, tells us that they now have a line of goods on the road and are receiving orders right along which necessitates putting in an extra force of hands. Success to you, gentlemen.

The labors union organized here a few days ago held a meeting last night in the Jr. O. U. A. M. hall, Groome building. From reports there were at least two hundred and fifty people present. This was their first meeting since organization and important business before the body was transacted. A great deal of enthusiasm was manifested by the members and they hope to make the new union beneficial to all and a help to the town. Why not?

The long looked for pleasure was made a reality this morning when the train composed of ten coaches and a baggage car, bearing the Union Sunday school picnic crowd, pulled out from the depot bound for Raleigh, where the excursionists will spend the day. As I write this No 8 northbound mail has just arrived with four coaches and the crowd is fast filling up the remaining cars. The shirt waist girls, bless the dear little creatures, are present by a large majority and are of for a gay time. The High Point cornet band is now entertaining the crowd with select pieces of music. Amid the inspiring strains of "Dixie" and a general cheering by all on board and those on the outside, the train has at last started, and since writing the above we are nearing the "City of Flowers" on our trip to the capital. All are in the best of spirits and are anticipating a pleasant day—one long to be remembered.

A Slight Misunderstanding.

"Nellie," said a mother to her little daughter, "I wish you would run over and see how old Mrs. Smith is; she has been quite ill."

In a few minutes Nellie came running back and reported, "She said to tell you that it was none of your business."

"Why, Nellie," said the astonished mother, "what did you ask her?"

"Just what you told me," replied the little innocent. "I told her you wanted to know how old she was."

There is a time for all things. The time to take DeWitt's Little Early Risers is when you are suffering from constipation, biliousness, sick-headache, indigestion or other stomach or liver troubles. They never gripe. Howard Gardner.

The man who doesn't believe in signs is liable to get fresh paint on his clothes.

We still have some very special bargains left in men's sample and odd pairs shoes to sell at $1.95. Some sizes are sold out, but we can still fit "most anybody," and if you can find a pair in the lot to fit you, you can secure a good pair of shoes for a good deal less than they are worth.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

The Paris is doomed. They should jail the cuss who "rocked" that boat.

To cure piles, strike at the root—that's the way. DeWitt's Witch Hazel Salve strikes at the root—it removes the cause, quickly and permanently. Don't squander time and money trying to remove the effects. Howard Gardner.

Discord!

Cape Discord, off the coast of Greenland, is said to be sinking into the sea. It may be possible that some seal hunting native may slip in with it and suddenly find himself like Jonah of old, scrambling around in the interior of a big whale. Result: Discord and discontent.

BRIEF LOCAL MATTERS.

R. M. Phillips went to Gulf today, on business.

Maj. Wm. A. Guthrie, of Durham, was here today.

The Telegram's job presses are whizzing these days.

I. E. Avery went to Lexington last night and returned on number 36 today.

The drug stores are doing a good "cold drink" business this burning weather.

Superintendent Frank D. Jones, of the Durham and Charlotte Railway, Gulf, spent the forenoon in the city.

The Atlantic Symphony Quartette, which appears in Greensboro tonight, arrived this morning. The young men are stopping at the McAdoo.

The Pauline Little Missionary Society of the 1st Presbyterian church will give a lawn party on the church lawn beginning at 7 o'clock on Friday evening, the weather permitting. The friends of the little girls are cordially urged to attend. Bring the children.

ASSESSOR TAKES HIS WORD.

And the Taxpayer Sells His Watch At a Sacrifice.

The tax listers and assessors have their fun. W. J. Blackburn, who performs the functions of one of the above named officers, was listing a man's property and when real estate, etc., had been attended to Mr. Blackburn started down a list of taxable articles. When "jewelry" was called out the man stopped him: "I've got an old watch here." "What's it worth?" asked the assessor in a business like way. "Three dollars," replied the taxpayer. "Why that watch is worth five or six dollars," said the assessor. "Well, I'll take three for it," said the man in tones intended to convince.

Mr. Blackburn is a man of few words. He put the watch in his pocket and laid three dollars on the table and smiled. The awestricken taxpayer saw he was in earnest and wanted to trade back, but the assessor had traded for good, and picking up the trio of paltry silver wheels the taxpayer glided out "a sadder but wiser man."

Mr. Blackburn is even better pleased with the trade since the timepiece has been closely examined. It is a Waltham, in a good case and contains several jewels.

Ho, For The Capital City!

High Point's Sunday school excursion passed through Greensboro at 8:30 o'clock this morning enroute to Raleigh, where the crowd spent the day. The train consisted of eleven coaches, one of which was for refreshments, the other ten being packed with Sunday school scholars. There were about 800 on board. The High Point cornet band was on the train and got off while the train stopped here, favoring the crowd at the depot with two pieces of splendid music. Several joined the excursionists here.

The Next Attraction.

Is the lawn party to be given next Tuesday night, June 27th. The Gate City Band will have it in charge. They are working hard to make an organization that Greensboro will be proud of. They made their first appearance last evening at the Southside lawn party. But they will give a musical concert throughout their entire entertainment. Don't be afraid you will not get cream and cake, for we will have the greatest plenty of all Remember the date. It is a good way to spend a few dimes and quarters, and will help the boys get a uniform for the tournament.

Seen From Greensboro.

'Down in Greensboro the other day,' said Assistant Attorney General Boyd at the Ebbitt, 'a rather amusing colloquy took place between a defender of the administration policy and an 'anti-imperialist.' The anti was severe in his arraignment of our course in the Philippines. 'Why, said he our government is treating those poor natives worse than the Spaniards treated the Cubans.'

"'No such thing,' said his opponent.' 'The Spaniards drove the miserable reconcentrados into the towns and starved them to death. We propose to kill off the Filipino rebels without any delay or lingering torture The Spaniards gloried in human misery. Our American plan of speedy death is humane and beneficent alongside the cruel system of the Dons.'"—Washington Post.

Greensboro Ladies Abroad.

"A delightful dance was given at the Twin-City Club last evening complimentary to visiting young ladies. It proved a most pleasant occasion for the participants, being successfully led by Mr. Haigh Daingerfield with Miss Louise Lunn, of Greensboro.—Winston Sentinel.

Miss Julia Settle, of this city, was also one of the dancers.

A False Alarm.

About 11 o'clock last night, when the crowd at the lawn party was begining to dwindle, a fire alarm was turned in from box 32, and a large number of the revellers followed the South Side hose wagon up the street The fire was only a small one in Clegg's kitchen and was extinguished before the firemen reached there.

Time Getting Short.

The list-takers are busy today, and we would remind those who have not listed their poll and property for taxation that the time is short now, and those who do not want to pay double tax shou'd lose no time in complying with the law. A word to the wise is sufficient.
